

# InspireMe!

Matching between  
educators and professionals

# The Team

Gal Malichi  
Uri Kalish

Asaf Israel  
Mariya Lyumet

Tammy Okmian

Omer Sommerich

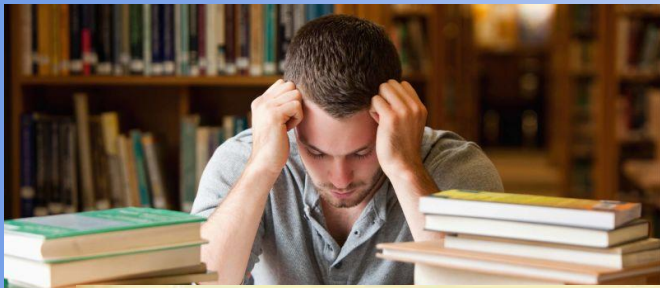

# The Challenge

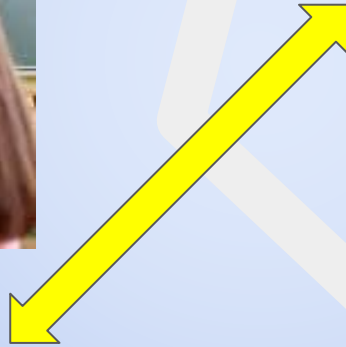

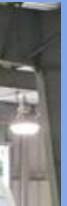

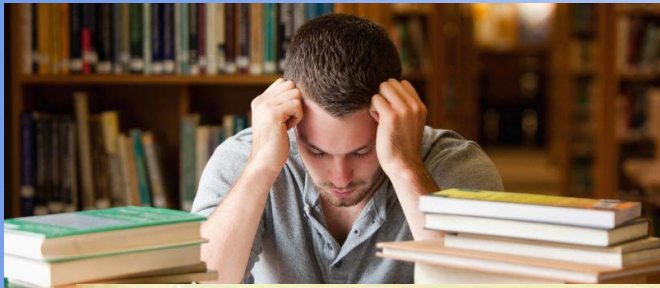

On the one hand:

- Introduce real professions to the students
- Assist students with specific subjects

On the other hand:

- Professionals don't know where they are needed
- Professionals have limited time to volunteer

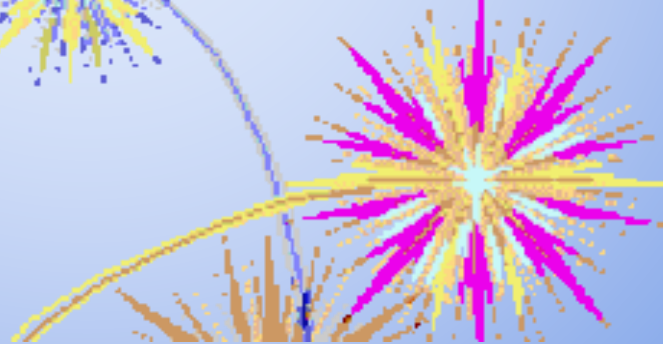

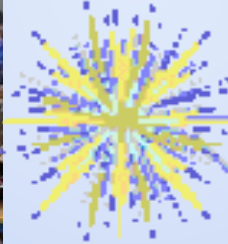

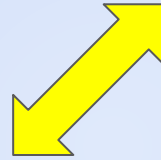

InspireMe!

**matches between teachers  
and volunteers**

InspireMe!

- **Teacher requests a volunteer, choosing profession, location and preferred dates.**
- **Volunteer fills in a form, indicating profession, preferred dates, type of assistance, location.**
- **System matches volunteers to teachers. Teacher sends request to volunteer, and gets approval.**

InspireMe!

- **If there are no volunteers currently available, a teacher can add a new request to the list of unmatched requests.**
- **Volunteer can view the list of unmatched requests and propose acceptance.**

# Result

- **Children get taste of different professions**
- **Children see usage of knowledge in real world**
- **Students get help in understanding specific problems from professionals**
- **Volunteers share their experience**
- **Companies get PR**
